

HallKeen Coronavirus (COVID-19) Update 2/23/2021:

As we all navigate the fluid situation and changes brought on by the Coronavirus (COVID-19), we want to reassure you all HallKeen assisted living communities take the safety and health of our residents and associates as our top priority. We communicate with and receive updates from: local, state, and federal government health agencies on any changes to operating policy, regulatory guidance and general community directives.

At various times it has been necessary to place restrictions on visits to HallKeen communities. Each state and some towns have different guidelines, so please contact the Assisted Living you wish to visit at the number listed below for the most up-to-date information.

Residents' family members will receive updated guidelines directly from the community. When in-person visits are not permitted, we are actively facilitating virtual communications between residents and families through the use of FaceTime, Google Duo and other video communication methods.

We continue to monitor new developments and evaluate precautions daily and we are committed to protecting our residents and staff. As regulatory and policy directives evolve, we want to reassure our residents and families we will communicate changes to the best of our ability and remain focused on maintaining quality of life, engagement-- to the extent allowed, and safety.

All of the HallKeen assisted living communities have held their first COVID-19 vaccination clinic, if not second and third, for residents and staff who have opted to receive vaccines.

In combination with the restrictions and in-house precautions that we have already implemented, we hope to minimize the risk of COVID-19 within our community. Please visit www.HallKeen.com for additional updates. Additional resources include the [CDC](#), [CT DPH](#), [Massachusetts EOEa](#), [Rhode Island DPH](#), [New Hampshire DHHS](#), and the [Vermont DPH](#).

Thank you for your patience, your understanding and your trust during these challenging times.
